How Anna Won Out.

"Funny how things work out sometimes," said the married marine to a bunch of his buddies. "Two years ago I was going around with Ethel and Anna, and I couldn't for the life of me tell which of the two I wanted to marry. One night I dropped into the post exchange to buy a cigar. Right on the cigar band, as large as life, it said 'Hav-ana'—Lentherneck."

Crump of Knoxville and Miss Mabel Ann Luten of this city were united in the bonds of matrimony. The bride is the daughter of Mr. and Mrs. D. Luten. The young people met in school at the University of Tennessee and the marriage was the sequence of Cupid's magic influence.

Catarrhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the Eustachian Tube. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the mucous surfaces.

ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE.

SYMBOL OF RUSSIAN TRAGEDY

The Bourgeoisie, Popular Invention, Shows to What Depths the People Have Been Reduced.

A bourgeoisie is a small sheet iron stove, writes Eleanor Franklin Egan in the Saturday Evening Post. Or it may be only a 5-gallon gasoline can with a little door at one end and a hole in the top to let out the smoke. It is an institution in soviet Russia and is an invention of the kind of which necessity is the mother.

In the communistic habitations of the ruined and homeless bourgeoisie it takes the place of both heating arrangements and the kitchen range. Nearly everybody makes his own bourgeoisie out of whatever materials he may be able to come by, and in social circles it provides a topic of conversation of never-ending interest. Their habits and the various methods employed to regulate them are matters of primary importance.

Its name, bestowed upon it in ironical derision, denotes its relationship to the general scheme of things. It burns nothing but tiny bits of wood and is therefore very economical, but when it is first set going it smokes considerably, with the result that practically every bourgeoisie home in Russia—such as it is—smells as though its flues were badly out of order.

It is capable of bringing the average winter temperature in a fair-sized room up to zero, or maybe to 10 degrees above, and this is as much comfort as the bourgeoisie are expected to require. This sounds like an exaggeration, but it is not. It would be impossible to exaggerate any phase of the tragedy that has befallen Russia.

Give carnations, roses or some kind of flowers for your Xmas present. Flowers telegraphed any part of United States.—Miss Frankie Reid.

Frequent Headaches

"I suffered with chronic constipation that would bring on very severe headaches," says Mrs. Stephen H. Kincer, of R. F. D. 1, Cripple Creek, Va. "I tried different medicines and did not get relief. The headaches became very frequent. I heard of

Theford's

BLACK-DRAUGHT

and took it for a headache, and the relief was very quick, and it was so long before I had another headache. Now I just keep the Black-Draught, and don't let myself get in that condition."

Theford's Black-Draught (purely vegetable) has been found to relieve constipation, and by stimulating the action of the liver, when it is torpid, helps to drive many poisons out of your system. Biliousness, indigestion, headache, and similar troubles are often relieved in this way. It is the natural way. Be natural! Try Black-Draught.
